

December 18<sup>th</sup>, 2020

Dear Valued Customer:

Loos&Co. Inc. continues the practice of supplying full Certificates of Analysis with each shipment of Medical Wire and Custom Cable products. Due to the substantial time and labor costs involved in supplying additional information we find it necessary to begin charging for the additional detail required. Effective immediately, the following charges will be applied to the order:

**Included Free of Charge:**

- |   |                |
|---|----------------|
| • Certificate of Conformance            | Free of Charge |
| • Certificate of Analysis, Test Data    | Free of Charge |
| • Raw Material Certification, Mill Cert | Free of Charge |
| • Reissue Lost Certification            | Free of Charge |

**Provided at Additional Charge:**

- |  |                    |
|--|--------------------|
| • Capacity Analyses                              | \$250.00 minimum   |
| • Cpk Analyses                                   | \$250.00 minimum   |
| • Dimensional Inspection Report                  | \$250.00 minimum   |
| • Manufacturing Process Flow Plan                | \$250.00 minimum   |
| • First Article Inspection                       | \$500.00 minimum   |
| • Control Plan                                   | \$500.00 minimum   |
| • Customer Part Specific GR&R                    | \$500.00 minimum   |
| • PPQP   | \$1,250.00 minimum |
| • Independent Raw Material Chemical Analysis     | Price As Quoted    |
| • Independent Finished Product Chemical Analyses | Price As Quoted    |

Please let us know during the quoting process if you will require any additional items. If the requests are made after the product has shipped there will be an additional charge for data collection and report generation. We encourage all our customers to communicate their quality requirements during the quoting process rather than after the shipment is made.

Please contact your Inside Sales Representative if you have any questions or concerns.

Sincerely,

Robert Davis  
Vice President Sales & Marketing
